Summer hues

Summer is firmly in sight and when the heat is on relax in natural fabrics in bright colours and patterns. If you are heading for the coast, choose lightweight fabrics with a nautical theme. Team cool whites with bold shades for the key look this season.

Accessorise with cotton scarves for a more formal look. For cooler days, a cotton jacket is the perfect solution. Hemlines are long and floaty, with a lean to a relaxed kaftan-style look, suitable for any shape or figure. Should you prefer a more tailored appearance, belted pinafore dresses are a popular choice.

Shoes are flat on the heel with a peep toe, but the wedge continues to prevail on the catwalk.
